
LE GABLES BODY CORPORATE

Good day,

Main gate, Access.

How it works:

- You are only able to open the gate with your cell phone.
- Store the number **072 410 4553** to open the gate on your registered cell phone.
- When you need to open the gate, phone **072 410 4553**.
- The phone will ring once or twice and then the gate will open.
- The call is registered as a missed call and does not cost you anything, **however** you need airtime to make the call.
- You can open the gate from wherever you are.
- When your guests or domestic worker needs to enter or leave Le Gables, they must let you know that they are at the gate and then you can phone the gate to open for them.
- Your phone cannot be set on *Private number* or *Number withheld*.
- Please test that your numbers are working, if not, let the Caretaker know as soon as possible.

Regards,

Willie
